

Aviation Litigation Consulting, LLC

Daniel Stratman – Pilot Consultant

dan@aviationlitigationconsulting.com

OVERVIEW

Experienced, highly trained professional pilot with a major US airline with over 30 years and 13,000 hours of flight experience at all levels. Familiarity with current regulations and security issues that only an active pilot has. Assisting aviation and non-aviation attorneys understand the intricacies of aviation issues from a pilot's perspective. Additional areas of aviation consulting include: flight department and pilot training in CRM & TEM, airline operations, winter/icing flight operations.
